

SPORTS

CHEMAWA WALKS OFF
WILLAMETTE FLOOR

Indians Show Very Poor Sportsmanship
And Game Is Forfeited to the
Local Aggregation.

MUCH PEEVED OVER CALLS
OF FOULS AGAINST THEM

Again Demonstrate They Are Poor
Losers And Create Most Un-
favorable Impression.

Chemawa took another step toward permanently acquiring the name of being poor sports in all branches of athletics when their basketball team walked off the floor in the first half of a practice game they were playing with Willamette university yesterday afternoon.

At the time that they left the floor they had scored 6 points by virtue of throwing 3 field baskets, while Willamette had acquired a like number of tallies by free throws granted them on fouls resulting from the Indians' rough playing.

The captain of the team took occasion to swear at the official several times before his team finally left the floor. Although the official had power to disqualify him for this conduct, he was allowed to continue in the game until he finally called his team off the floor.

Game Declared Forfeited.
After the team had left the floor and failed to return in the required time the referee, O. B. Gingrich, declared the game forfeited to Willamette by the score of 2 to 0.

The poor sportsmanship exhibited by Chemawa was regretted by all present, especially Dr. Sweetland, Willamette's physical director, who had always had the most kindly feelings toward the Chemawa team and has done all in his power to keep a friendly relationship existing between the two institutions.

While the game was intended to have been nothing but a practice contest, the two teams playing with the idea of benefiting themselves rather than of seeing who could win, it appeared exceedingly peculiar to the small group of spectators that had gathered that the red men should make such a fuss over the affair especially since in the judgment of their own coach as well as many of the Willamette men they appeared to have the advantage and would have most probably have carried off the laurels.

Not Good Sports.
Willamette is not the first school to experience difficulty in the retaining of peaceful relations with the training school, both the local high school and Y. M. C. A. as well as teams from the surrounding country testify that the conduct of the Indians is almost always of an ungentlemanlike nature.

Since the red men are many of them good athletes the local fans are very anxious that some move be made to remedy the very undesirable conditions existing at present. Just what form the movement will take is as yet a matter of speculation.

WILLAMETTE TEAM IS
SHOWING IMPROVEMENT

While O. A. C. and Oregon having been filling the Portland papers with hard luck stories regarding their poor chances in basketball Willamette has been hard at work trying to scrape together a team worthy of printing a hard luck story about.

Young and Hepp, star guards on last year's team and Raymond Drake, center, have not returned to school this year and Pfaff, who alternated with

Drake at the center position last season although in school finds his studies too heavy to allow him to turn out so that Homan and Tallman, forwards, are all that remains of the last year's quintet.

The freshman class has produced one find in Earl Flegel, a former guard on Jefferson high school of Portland, and who is now holding down a like berth with the varsity. He uses head work in his passing and has good control of long shoots. He is badly hampered, however, in that this is his first season under the intercollegiate rules and it is rather slow work adapting an A. A. U. player to the intercollegiate rules.

Among the other new men, Carson, a Salem boy now enrolled in the law department is showing to good advantage. He is playing at center and his elongated stature allows him to tip the ball over all who have yet attempted to compete with him at that position. He has had considerable basketball experience, having played with the Mt. Angel college team and with the Christian brothers team of Portland.

Other men who are showing up well are Shisler, a sub of last season, Rowland, who was a member of the varsity squad three seasons ago and Gates, a freshman who played during his academy year at the university and is showing exceptional speed this year.

GRADE SCHEDULE FOR
BASKET BALL IS OUT

The Grammar School league will start its schedule next Saturday morning in the high school gym at 9 o'clock. Every school in the city will be represented in the league and it is hoped that the schools will turn out and root for their team. The 8A's have been excluded from the teams for the reason that they will go to high school and would break up the teams through their leaving.

The teams were in the gym last Saturday morning for their last practice before the season opens and from all appearances, good games may be expected. The admission to all these games will be played. The games start at promptly 9 o'clock and will be played in rotation as the schedule lists them.

The schedule will be as follows:
January 17: Garfield vs. Lincoln, Highland vs. Park, East vs. Grant, and Richmond vs. Englewood.

February 14: Lincoln vs. Richmond, Garfield vs. Grant, Highland vs. Englewood, and Park vs. East.

January 31: Highland vs. East, Lincoln vs. Englewood, Garfield vs. Richmond, and Park vs. Grant.

February 7: Lincoln vs. Highland, East vs. Englewood, Grant vs. Richmond, and Fairfield vs. Park.

January 24: Garfield vs. Englewood, East vs. Park, Grant vs. Highland, and Lincoln vs. Richmond.

February 1: Grant vs. Englewood, East vs. Richmond, Lincoln vs. Park, and Garfield vs. Highland.

February 28: Garfield vs. East, Lincoln vs. Grant, Highland vs. Richmond, and Park vs. Englewood.

HIGH SCHOOL BASKET
TEAM PLAYS ASTORIA

The highschool basketball team left today for Astoria where they will play the high school basketball team left evening.

The two teams met recently in the high school gym at the local school, Astoria being defeated 35 to 20. Both teams have made material advances since this contest and the one tonight promises to be an exceedingly hard fight.

In the recent game here the locals had the advantage of the home floor and with this advantage did not have the game won until well toward the end of the second half, the first period ending with the score in favor of the visitors.

In the game this evening the Astoria team will be on their home floor with boundaries entirely different from those

at the local gym and the Astoria ways, fortified with a knowledge of their strong points gained by the trip they recently made through the valley, they should be able to make things exceedingly interesting for the team from the local school.

Those who will make the trip are: Proctor (captain) and Reinhart (manager), forwards; Keen, center; Low and Ratcliffe, guards; Buford and Ford, substitutes; and Brownell, coach.

JABS AND JOLTS

I would that I were sailing
With Commy and McGraw,
And see such tropic landscapes
As I have never saw.

I do not care for travel
On oceans wide and rough,
But I could get away from
This winter baseball stuff.

One of the sensations of the winter
League is that Ty Cobb refuses to be
a holdout. But Ty always was a sensa-
tional person.

If you think that gamesness is no
longer a national trait reflect on the
wrestling match in Iowa which lasted
five hours. Think of the gamesness of
the spectators who remained until the
finish.

The boxing expert who calls Gunboat
Smith a modern Bob Fitzsimmons evi-
dently knows that Bob can't fight any
more. But it's a low-down trick to
play on an old man.

We always looked on Tommy Burns
as a clever pugilist. The fact that he
has decided not to re-enter the ring
confirms our judgment.

Even if Mordy Brown lost a \$1,000
bonus (which he probably never would
have collected) he showed great strategy
in signing with St. Louis. Even if
he finishes last he won't be any worse
than Huggins or Riekey.

In view of the fact that Charlie Mur-
phy's chauffeur was fined for speeding,
we'd hate to be running his typewriter.

If you can, you can imagine a wildly
enthusiastic crowd in Westminster ab-
bey.

Some say Mr. Wells has a weak jaw
and some say he has a weak stomach,
but there is a strong suspicion that the
weakness is in his backbone.

Americus and Strangler Lewis have a
perfect right to hurl challenges at
Frank Getch, but if they do not have
a care he may accept.

One might become interested in the
rumor that several Giants are on the
market—that is, one might if one were
in the ivory business.

Shortly after he signed his contract
to manage the Reds, Charlie Herzog
announced that he could see a pennant.
Never having tried the Cincinnati
brand, our visions have been confined
to lizards and pink mice.

Ivan Mamutoff claims that he once
threw the Russian Lion. He is now
learning to throw the American bull.

We fail to see how the Washington
club will profit by the yarn that Wal-
ter Johnson will be insured for
\$100,000. Walter does not need that
sort of press agent work.

It would be a great relief these days
to read a baseball story that is not
punctuated with dollar signs.

It is a lead-pipe cinch that the Eng-
lish fashion of wearing evening dress
at the ringside will never become popu-
lar in this country. A ringside specu-
lator here needs a raincoat or a bath-
ing suit.

It must have been through an over-
sight that when Cy Williams was mar-
ried no scribe announced that he had
signed a life contract.

Marty Cutler deserves much credit for
his refusal to fight for a \$50 purse. Perry.

that it would be obtaining money under
false pretenses.

"Red Killer is the greatest catcher
in the world," avers Red Dooin, who
evidently has not heard of Jimmy
Archer.

New York University, which did not
score a touchdown all last season, has
decided to number its players. It now
behoves New York University to tell
us why.

FATE.
There was a kid in our town
And he was full of woe;
He got a sled for Christmas, but
There wasn't any snow.

The absence of Messrs. Sutton and
Hoppe from the public prints leads one
to suspect that their press agent suc-
cumbed to an overabundance of Christ-
mas cheer.

SIX OREGON ORGANIZATIONS
NOW MEMBERS OF CONGRESS

[UNITED PRESS LEASED WIRE.]
Washington, D. C., Jan. 16.—Oregon
has become represented in the Chamber
of Commerce of the United States of
America during the past three months
by the election of the Chamber of Com-
merce of Astoria, and the Emblem Club
of Bend. Six Oregon organizations are
now members of the National Chamber.

There are now four hundred and
eighty-eight organizations constituting
the membership of the National Cham-
ber. Every state and territory is repre-
sented, with the exception of New Mex-
ico. Commercial organizations in Ha-
waii, Porto Rico and the Philippine
Islands have been elected. The Ameri-
can Chamber of Commerce in Paris,
and the American Chamber of Com-
merce for the Levant are also members.

The second Annual Meeting of the
National Chamber will be held in Wash-
ington from February 11 to 13. Sev-
eral hundred business men representa-
tive of commercial organizations are
expected. February 12 will be devoted
to the broadest consideration of all
that is involved in the Sherman Anti-
trust law and the regulation of cor-
porate activity by law. The Annual
Banquet of the National Chamber will
be held on the anniversary of President
Lincoln's birthday. On February 11
Secretary Wilson of the Department of
Labor will address the meeting on "The
Relation of the Department of Labor
to Industries and Commerce."

SOON FOLLOWS HUSBAND.

[UNITED PRESS LEASED WIRE.]
Philadelphia, Jan. 16.—Mrs. S. Weir
Mitchell, widow of the author and phy-
sician, who died only last week, her-
self succumbed yesterday to pneumonia.

HAVE DARK HAIR
AND LOOK YOUNG

Don't Stay Gray! Nobody Can Tell When
You Darken Gray, Faded Hair
With Sage Tea and Sulphur.

Grandmother kept her hair beauti-
fully darkened, glossy and abundant with
a brew of Sage Tea and Sulphur. When-
ever her hair fell out or took on that
dull, faded or streaked appearance, this
simple mixture was applied with won-
derful effect. By asking at any drug
store for "Wyeth's Sage and Sulphur
Hair Remedy," you will get a large
bottle of this old-time recipe, ready to
use, for about 50 cents. This simple
mixture can be depended upon to restore
natural color and beauty to the hair and
is splendid for dandruff, dry, itchy
scalp and falling hair.

A well known downtown druggist
says everybody uses Wyeth's Sage and
Sulphur, because it darkens so naturally
and evenly that nobody can tell it has
been applied—it's so easy to use, too.
You simply dampen a sponge or soft
brush and draw it through your hair,
taking one strand at a time. By morn-
ing the gray hair disappears; after an-
other application of two, it is restored
to its natural color and looks glossy,
soft and abundant. Local agent, J. C.

Stomach Troubles
Due to Acidity

So Says Eminent Specialist.

So-called stomach troubles, such as in-
digestion, wind, stomach-ache and in-
ability to retain food, are in probably
nine cases out of ten, simply evidences
that fermentation is taking place in
the food contents of the stomach, caus-
ing the formation of gas and acids.
Wind distends the stomach, and causes
that full, oppressive feeling sometimes
known as heartburn, while the acid ir-
ritates and inflames the delicate lining
of the stomach. The trouble lies en-
tirely in the fermenting food. Such
fermentation is unnatural, and acid for-
mation is not only unnatural, but may
involve most serious consequences if
not corrected. To stop or prevent fer-
mentation of the food contents of the
stomach and to neutralize the acid, and
render it bland and harmless, a tea-
spoonful of bisaturated magnesia, prob-
ably the best and most effective cor-
rector of acid stomach known, should
be taken in a quarter of a glass of hot
or cold water immediately after eating,
or whenever wind or acidity is felt.
This stops the fermentation, and neu-
tralizes the acidity in a few moments.
Fermentation, wind and acidity are
dangerous and unnecessary. Stop or
prevent them by the use of a proper
antacid, such as bisaturated magnesia,
which can be obtained from any drug-
gist and thus enable the stomach to do
its work properly without being hin-
dered by poisonous gas and dangerous
acids.—M. F. P.

SAN FRANCISCO UNEMPLOYED
HELD TO GRAND JURY

[UNITED PRESS LEASED WIRE.]
San Francisco, Jan. 16.—William
Thorn and four other members of the
unemployed army, charged with rioting
on the streets here January 8, were
held to answer to the superior court
here yesterday afternoon by Police
Judge Crist. The preliminary examina-
tion of the men proceeded after Judge
Crist had denied a plea of the defense
that prisoners be given a jury trial in
the police court.

The rioting is alleged to have occur-
red when a teamster attempted to drive
through a parade of unemployed men.
The teamster escaped but Patrolman
Brown, who went to his rescue, was
struck by a cobblestone.

Patrolman Tillman was the prin-
cipal witness for the prosecution. He
said he saw Thorn standing at the head
of the teamster's horse and heard him
urge the crowd to "kill the cop." Pat-
rolman A. W. Miller gave similar
testimony.

RAILROAD OFFICIAL ENDS
LIFE IN NEW YORK

[UNITED PRESS LEASED WIRE.]
New York, Jan. 16.—Richard Lank-
ford, vice-president of the Southern
Railway, committed suicide yesterday
in his apartments in Brooklyn. His
body, nude, was found in the bath-
room with the gas jet wide open.
Lankford was only 35 years old.
Evans Lynch, a negro, porter, found
the body. No cause for the suicide
was known by Lankford's friends or
business associates.

Miss Nellie Patterson, Lankford's fi-
ancee, collapsed yesterday afternoon,
when she viewed his body. She said
they had been engaged for a year and
were to have been married Saturday.
She denied that they had quarreled.

BUILDINGS WORTH QUARTER
OF MILLION DESTROYED

Charleston, W. Va., Jan. 16.—Build-
ings which cost \$250,000 to erect were
destroyed yesterday afternoon, accord-
ing to a message from Cumberland,
when the middle section of the West
Virginia Pulp and Paper Company's
dam 17 miles from Dobbin collapsed.
The dam went out piecemeal, it was
stated, which was all that prevented a
disastrous flood and it was with the
middle section that a considerable por-
tion of the plant connected with it went
down. It was understood there were
no casualties.

All the water in the sixty-acre res-
ervoir back of the dam, however, drain-
ed into the Stony river.
